WE MAY NEVER PASS THIS WAY AGAIN

Dreams, so they say,
Are for the fools, and they let them drift away.
Peace, like the silent dove,
Should be flyin', but it's only just begun.
Like Columbus in the olden days,
We must gather all our courage,
Sail our ships out on the open sea,
Cast away our fears and all the years will come and go,
And take us up, always up.

"And I ask: For the depths of what use is language?"
Philip A. Sweeney from "Silence"by Edgar Lee Masters

The **Caduceus** staff takes pride in dedicating the 1980 edition to Mr. Philip A. Sweeney. He was given 37 years to education-21 which were spent at the High School of Commerce.

Numerous awards and accomplishments are to the credit of Mr. Sweeney. He was Chairman of the English Department at the Monson Academy from 1942 to 1947. He was an English teacher at Forest Park Junior High until 1950. Mr. Sweeney was named principal of Classical Junior High in 1950 and remained there until 1953, serving as vice principal at Classical High at the same time. In 1953 he became principal of Forest Park Junior High where he remained until 1958. Mr. Sweeney came to the High School of Commerce in 1958, but left in 1966 to take the position of Assistant Superintendent of Schools for the City of Springfield. He returned a short time after because he "missed the kids."

Mr. Sweeney has been the recipient of many awards. The Hurst Memorial Fund selected him for its education award in 1974. He was selected by the MSSPA as the Outstanding Secondary School Administrator in Massachusetts in 1978. He received the Outstanding Servant of the Public Award in 1979. Mr. Sweeney was also chosen as Mr. Homecoming by American International College, and honored in a special homecoming ceremony on October 6, 1979.

We all miss Mr. Sweeney and wish him the best of luck in his retirement.

Dawn Mann, a graduate of 1980, has many hidden talents.

Among her hobbies are photography, playing the guitar, and writing poetry.

Since the age of 10, Dawn has been writing all types of poetry.

In future years, Dawn plans to work with handicapped children, especially the deaf.

It seems as if Dawn has a promising future, and we wish her the best of luck.

YOU'RE ON YOUR WAY NOW
Your time has come to leave,
leaving family and friends
it hurts but you must go.
But having the memories
to treasure is better than having
nothing at all.
There may be some hard times but
You're going out seeking your goals
There may be some hard times but
When you've reached the top
There will always be a reward
You earn your good time and your
bad, but I guess it's all a part of life
You're on your own now
Always look up and give yourself
a chance
There'll be mistakes along the way
but they'll be overlooked and you'll
go on
Give yourself strength and walk with
pride
You'll find your ambition
behind each cloud there's a rainbow
and after each sunrise there's a
sunset
And with that sunset a new day
So look up and live
Be thankful your life is young
and you are strong
Time passes quickly
So don't waste the moments you
have
Hold on to your memories
Keep on walking and most of all
hold close to your dreams
Love to live and live to love

Ronnie Brace — Super athlete, super-guy. Mr. Brace participated in several sports for the Red Raiders of Commerce: football, where he gained All-Western Mass honors his junior and senior years, track, where he qualified for Western Mass competition, and J.V. basketball, where he was a rising force on the team. Out of all the sports Ronnie plays, football is his best. Ronnie feels that the sports at Commerce are starting to build up. After he is gone, Ronnie hopes that they will continue to grow.

Ronnie not only survives on the football field but he also survives in politics. He has been class Vice President for his three years here at Commerce.

In future years, Ron plans to attend college for business management and advance to the college football level.

It looks as if Ronnie Brace has a running start on his future and he plans on making a few scores.

Throughout his three years at Commerce, Ed Owens has been active.

Among some of his activities were G.O. Agent, President of the National Honor Society for two years, and a homeroom representative. During his junior year Ed was asked to represent the High School of Commerce at the Student Advisory Council. Outside of school, Ed was also a member of Junior Achievement.

He was highly honored when asked to receive the Jewish War Veterans Award. In result, Ed attended a convention with 300 other Massachusetts high school students who gathered in Waltham, Mass.

After applying to several colleges, Edward has decided to attend the University of Massachusetts. There he plans to take a double major program, Medical Technology/Micro-Biology. When having finished at UMass, Ed hopes to obtain an exciting job in a hospital or research laboratory.

We hope Ed's present success continues on through the future years.

Carmen Morales, a senior and second year National Honor Society member, was this year's DAR Good Citizen Award recipient. This yearly award is given on the merits of outstanding qualities of character. Carmen, a member of Student Council, Red Cross, and cafeteria staff, was pleased to attend Commerce because of its fine business courses. Highly active in church activities, Carmen has set her sights on a four year college offering a major in systems management.

Michelle Glenn, another one of Commerce's outstanding students, was chosen by the faculty to represent the High School of Commerce at Boston in April.

Michelle was elected to be this year's class secretary. In her junior year, she was a homeroom representative and a G.O. Agent.

Outside of school, Michelle enjoys music and dancing. Although she is quite active, Michelle still finds time to do some sewing.

Next year, Michelle plans to attend college. She has already been accepted at Western New England, but she would much rather attend Boston University.

When asked her opinion about Commerce, Michelle replied, "I like it, it's the best around."

A New Man, A New Job, A New Era

Mr. Gene F. Basili, our former assistant principal is now our energetic, conscientious principal. A graduate of Westfield State and Spfld Colleges, he began his teaching career at Classical Jr. High in the science dept. He was then transferred to Tech. High School, where he began his administrative career. Before becoming assistant principal at Forest Park Jr. High School.

Presently he is a member of the Danforth Foundation Workshop which necessitates his traveling throughout the U.S. However, he is always accessible to the students. He feels the goal of education is to develop each student to his fullest potential.

And Still Another New Face

The administration was shuffled around a bit this year. Mr. Basili took Mr. Sweeney's place upon his retirement in August while Dr. Midura and Mr. Troy kept their positions. Mr. Coleman took Mr. Basili's former position as acting-assistant principal for one year. Mr. Coleman was previously a freshman biology teacher and was also in charge of the summer school program last summer for the city of Springfield.

The English department under the direction of Mrs. Karr, offers courses in college preparatory and business English. There was much in store in the English classes this year.

Miss McCarthy's seventh period English class presented the play "Sorry, Wrong Number" in the class. Each student participated in some way, and all seemed to have enjoyed it.

We had a very special guest come to our school this year, Elizabeth Joyce Bradbury, a British educator who spent the day with Miss DiSanti's English classes.

Mrs. Griffin's college prep English classes also took a field trip to see a Shakespearian play, and also to Stage West.

If you're looking for another professional golfer like Jack Nicklaus, Mr. Hyfantis may be the man your're looking for. He's been golfing for 30 years along with his wife, and has won many trophies during his years at this sport. He golfs at Elmcrest Country Club four to five times a week in the summer to keep in shape for that perfect swing. Who knows? He just might get a match against Jack one of these days.

The Past Affects The Future

American history, along with black history, geography, psychology and sociology are the courses offered in the social studies department here at the High School of Commerce. In Mr. Sandberg and Miss Kalloch's classes the students learned about the Civil War, Indian Wars and did some map work.

If you're wondering why Mr. Allen, our 12th grade C.P. English teacher is dressed this way, it's very simple! Mr. Allen spends summers at home where he enjoys hobbies, such as gardening, (he has an indoor garden with lights in his cellar), following Major League baseball, and collecting baseball guides and books. Also, he considers himself a househusband because while his wife works, he takes care of the house. Some of his sports interests are football, hockey, soccer from Germany (which he watches on T.V.) and baseball. He has been a Red Sox fan since 1934.

The business and secretarial departments of High School of Commerce are important parts of Commerce's reputation. The teachers teach the students the skills of stenography, typing, filing, duplicating, and machine calculating. Miss Fontaine is indeed an accomplished artist. Following her love of the arts she attended the Pratt Institute, University of Mass., and Boston College. Springfield College was where she attained her Bachelor of Science degree. Miss Fontaine traveled to New York but then returned to Springfield to become a drafter at the Springfield Armory. During the summer she teaches art classes in Chatham, Mass. Not only is Miss Fontaine an excellent art teacher, but an experienced one.

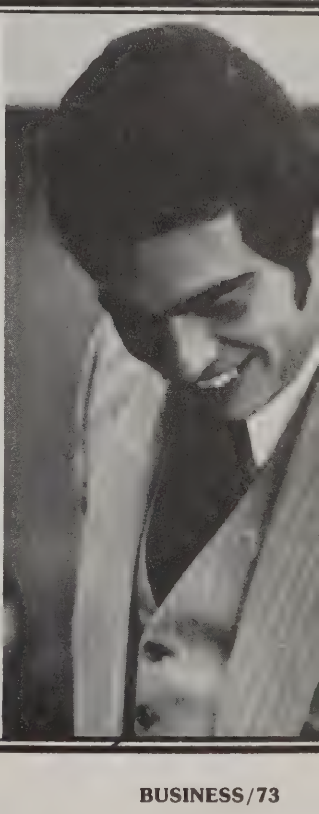
Mr. Burgess is a social studies teacher at the High School of Commerce. He has been teaching here for ten years. When the school year is over, he is off to the Cape for the summer. On the Cape he works on a fishing boat and is also a bartender.

He enjoys hockey and he was once the hockey coach at Commerce. He likes old cars-perhaps many have seen his old model Corvette!. Mr. Burgess also refinishes old furniture.

His favorite quotation is, "There's never been a good war or a bad peace."



Mathematical Concepts Add Up To A Disciplined Department

Mathematics is a very important subject and at Commerce the students have an opportunity to take Algebra I, geometry, Algebra II, and trigonometry. Mr. LaFlamme is the head of the math department. In his Algebra II classes, his students are learning how to solve binomials. They are also doing some graphing.

Working In The Laboratories

A new member was added to the science department this year, Ms. Maureen O'Sullivan.

Because of the nature of the field, the science department is often involved in interesting activities. The science department is under the direction of Mr. Trespas. The senior classes performed laboratory work this year, in which they mixed different chemicals and watched for reactions.

Mrs. Ghidoni's and Mrs. Astorino's classes participated heavily in microscope work which was very interesting to the freshmen. There also was some dissection completed in some of the classes, but only the dissection of frogs and worms.

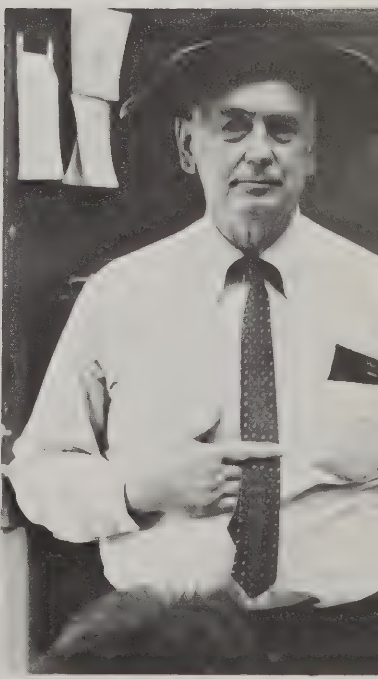
Horseback riding anyone? Mr. Corcoran has been interested in horseback riding since 1955. He first started in Lamont, Iowa, way out in the West. Since you can't go horseback riding without a horse, Mr. Corcoran took care of that problem by owning his own horses. One called Agnes was his favorite. Mr. Corcoran is not part of any club, but has won a ribbon in the past. He also has done some riding in Palmer, Mass.



Language-Communication And Interpretation

Spanish and French are the foreign languages offered at Commerce. One of the most exciting activities last spring was directed by Miss Hogan who took nine students to Spain for ten days. They visited different places and went to bullfights. They also did a lot of shopping.

We have a bi-lingual program here at Commerce that gives extra help to non-English speaking students. The teachers give each individual students special attention. We've two new teachers-Mr. Frontera and Miss Murray.

Music Stays In Tune

Artistic Expressions

Art classes help students express themselves. This year's classes covered painting, pottery, and sketching. The Art III class designed their own books. They picked out the type and decided on all the contents. The classes have their work displayed at malls, banks, and even the School Department.

1. Miss Fontaine shows the students the book's version of printing. **2.** John Torres and Miss Fontaine choose a form of print from the book. **3.** Kim Gorman puts the finishing touches on her project. **4.** Christine Sias hard at work at the drawing board. 5. Head for the mountains

Mrs. Rosetta Angelica enjoys hiking so much, that when weather permits you might just see her walking to school. Besides walking locally she can be credited for hiking up the Holyoke Range. Swimming and tennis are some other active sports she likes and participates in with her family. Mrs. Angelica was a member of the Meadows Tennis Club for a year, and has now been a member of the Wilbraham Tennis Club for four years.

More Than Calisthenics

Physical education was much different from previous years because of the seniors having to take part in a physical education course in the morning for at least twenty minutes.

The students not entered in physical education participate in a driver education course which usually lasts for two terms. It is taught by Mr. Ryan.

Also a new member was added to the staff, Mr. Wroblewski.

Counselors Care

The guidance department at the High School of Commerce is a very good one. Each one does his or her part in assisting the students. For example, Miss Zajchowski and Mr. Della-Giustina help students with their curriculum choices and Mr. Serafino works mainly with the seniors. He helps them decide which college they will attend, conducts meetings on financial aid, and assists the other counselors in finding jobs for the students.

Guidance counselors have their work cut out for them and are kept busy throughout the whole year.

Miss McCarthy is an English teacher at the High School of Commerce. She decided to teach English because it deals with reality, thoughts, facts, and people's ideas. While she was in high school her hobbies were gymnastics and cheerleading.

Today Miss McCarthy's hobbies are a little bit different. She enjoys jogging, exercising, sewing and various crafts. Basketball and Olympic gymnastics are among sports she likes to watch. She likes to go to the movies, especially science fiction, and her favorite actor is George Segal. She enjoys all types of music (a different type for every mood), taking care of plants, and being single — although she has "a lot of boyfriends."

Our Special Aides

The special aides that help keep our school in good running order deserve thanks. Our custodians, office aides and lunchroom staff served us efficiently throughout the school year. The office aides keep the paperwork in order, while the custodians and matrons keep our school in its top condition.

STUDENT LIFE

Formally, Juniors

The Junior Prom for the class of 1980, held at the Springfield Civic Center Banquet Hall on the evening of April 28, 1979, was a joyous occasion for all who attended.

The music, supplied by disc jockey Bob James of Candy Andy Productions, complemented the festive mood of the evening.

The prom was climaxed by the crowning of the queen, Cheryl Marceau. Members of her court consisted of Janet Johnson, Milagros Sanabria, Rosemary Morales, and Felicia Harris.

Two members of the court were unavailable for pictures. **It is unfortunate that people chosen to represent the class were not in attendance.**

Junior Class President Tim Godbolt commented, "The prom was a great success!"

The evening of May 23, 1980, proved to be one of the most memorable events of the senior year for the class of 1980. For it was the night of the long awaited Senior Prom, which was held at the Colosseum in West Springfield.

Maria Cosentini reigned over the prom as the queen, and her court included Cheryl Marceau, Milagros Sanabria, Alice Salsbury, and Laurie Woodtke.

Memories of this celestial night endured long after the music, fun, and laughter ended.

Chic To Chic — Sophistication Flairs

The High School of Commerce has held a high reputation for dressing in fashion. Looking chic was the "in thing" this past year.

For the girls, a blouse and skirt or a dress with slits and ankle-wrap shoes looked very enticing. Appropriate for the more casual side were Pierre Cardin jeans with a blouse, a double-wrap belt, and cowboy boots. The guys wore three-piece vested suits, print shirts, and Bostonian shoes, or went casual with Calvin Klein jeans, a button down shirt, boots, and belts.

Hairdos were also very important in stylish looks. Hair that was short and styled looked neat and clean for the guys. The girls wore their hair with two front sections pulled back and twisted into a bun. This looked very chic and was very popular last year.

Let's hope the future students of Commerce can uphold the tradition of stylish sophistication of dressing.

On The Job

This year at the High School of Commerce, many students participated in after-school, part-time work. There was a wide variety of jobs, ranging from office work to cashiering, to making food. Asked what they do with the money they make, some replied, "I spend it right away." Others said they save it for college, trips, and cars. Thanks goes to Mr. Serafino, who was great in getting most students their jobs.

Student Life Livens

The 1979-80 school year was the most active for the class of 1980.

Along with the regular activities for a graduating class, there were many others that added to the student life, such as flower sales, bloodmobiles, and the annual "Toys for Tots" drive. Some students worked in the cafeteria and others participated in home economics activities like the mock wedding and Thanksgiving dinner.

We were also honored to have members of the Danforth School Administration Fellowship Program visit our school. They held meetings in different cities throughout northeastern United States to find ways to improve the skills of high school principals in urban areas.

This year also marked the beginning of the Commerce Athletic Field. Mr. Basili, along with the Springfield School Committee members, including Mayor Theodore Dimauro, broke ground on October 31, 1979.

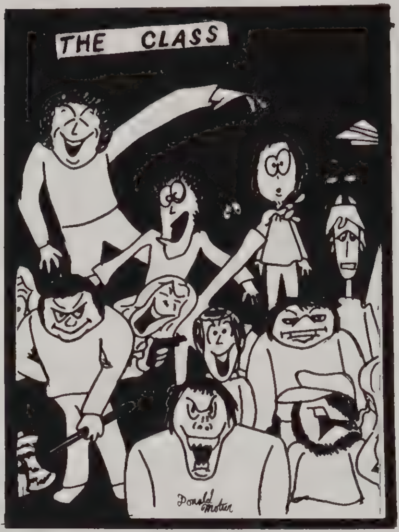
Expressions To Share

FRIEND

Friend is a word I have to define
So I start off with loyal and true
A person who is there when you need him
A person exactly like you

A friend is something everyone needs
Someone who shows that they care
Someone you can trust and confide in
Someone who will always be there

Some people today have no friends at all!
Some have, but none that are true
I am one of the fortunate ones
1 I found a real friend — I found you



LOVE'S ROSE

The Rose speaks of love silently
in a language known only to the heart
It's the quality that brings two people together
but never can draw them apart

The petals are like that touching moment
when one can walk hand and hand
with the only one he loves and cherishes
more than anyone else in the land

The stem is the strength that holds life up
in a rose that's about to fall
And love is the power that holds a couple
Together — or there is no love at all

2

LONELY CHILD

. . . The child is growing faster, more in every way, but keep in mind, this child, will make it good some day.

The child is walking down the street, seeing the flower try to reach the sky.

The child stops and looks at the flower and a tear forms in his eye.

This flower, he says to himself has had the same chance as I.

To sprout, to blossom, to grow, to live, and most of all, to

4 die.

JUST BEING ME

I like it when I'm just plain me,
Not what everyone else wants me
to be.
They live their life and I live mine.
And my kind of life suits me fine.

5

BORED WITH EDUCATION

Bored of Education,
Having to do the same old thing,
I would rather stay home than
listen to that school bell ring.

History, English, Science, Math,
Doing questions, reading a paragraph.
Everyday the same old routine,
Oh, I would just love to scream.

All of this is just a nightmare,
For getting an education, I do care.
For I am not bored with education,
Because very soon will be my
graduation

6

WHAT IS LOVE TO YOU?

Many people don't know and don't care what this something called love is. Then again is it a **something** or what?

Many young people, young couples say that love is that **feeling** they get when they're close.

To the children in starving lands, love is food.
To the children in foster homes, love is parents.
To the children cold and naked, love is warmth.
But to people such as us who have food, parents, and warmth we need, what is love to us?

To the poor man, love is money!
To the rich man, love is more money.
But to people such as us who have the money we need, what is love to us?

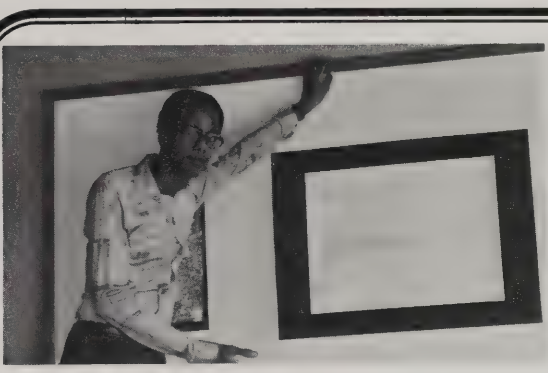
To the blind, love is sight.
To the lame, love is walking.
But to those of us who can see and walk, please let me know, what is love to us?

You see, love doesn't grow on trees, underground, or in the lining of the clouds, love grows within us. Was it taught, or was it intuition? If you feel you have love, why not share.

Give it 'til you give it out. Not just physically, but give it when it's uncontrollable. When it just pours out **naturally.**

Maybe that's what love is, then again we just don't know. Think about it, for just this one minute.

What is love to you?



DAVID MARSHALL . . . ARTIST

The artwork for this year's Caduceus was done by David Marshall, a senior enrolled in the College Prep course.

As far back as he could remember, David had been interested in art. He said that school had played an important part in his development as an artist. Depending on his moods, David enjoyed drawing many things, however, comics were his favorite. He considered himself a **Marvel** Comics fan and that was shown by his drawings, which contained many comic figures and settings.

David's future consists of education. He plans to attend Massachusetts College of Art or Beaver College. He eventually wanted to work for Marvel Comics, although he considered that a dream dangling out of reach. But as he says, "We should all have something to strive for, and dreams are that something!"

The "Best" album of 1979 is between Elvis Costello's **Armed Forces** and Neil Young's **Rust Never Sleeps.**

Among the records and movies that scored high on the charts, some new fads such as fancifully designed cowboy boots and flashy roller disco skates also made it big in the year of 1979.

FLEETWOOD MAC
FLEETWOOD MAC

Fleetwood Mac Does It Again!

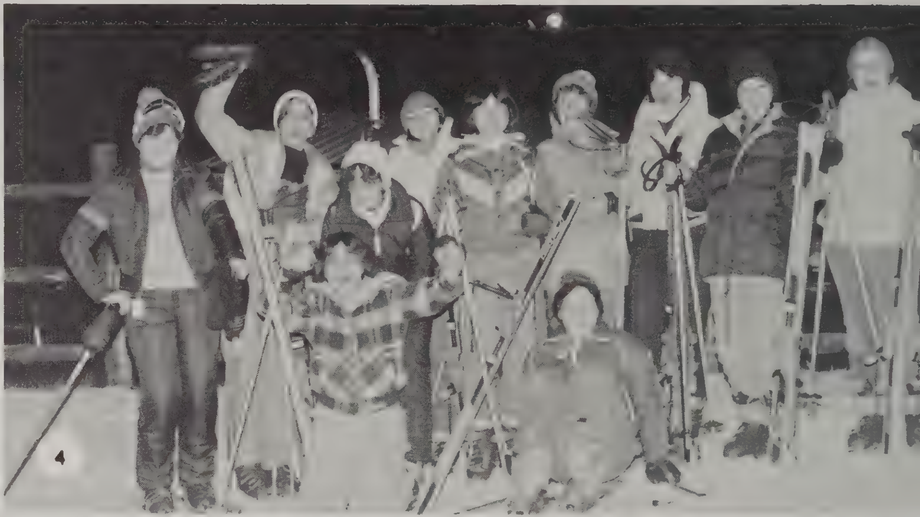
After two years without a sound, Fleetwood Mac has finally come out with an album. **Tusk** is their third album; it's preceded by **Rumours** and **Fleetwood Mac.**

Since **Tusk** has come out, it's become one of the top ten albums and is also well on its way to becoming Gold. **Rumours** and **Fleetwood Mac** together have sold over 20 million albums. So **Tusk** should do just as well, as far as success is concerned.

The group came together in 1974, when two Californians, Stevie Nicks and Lindsey Buckingham joined up with two Britons, John and Christine McVie and Mick Fleetwood. They recorded their first album, **Fleetwood Mac,** in 1975; but instead of touring to promote the album, they went to work on their second album, **Rumours,** which came out in 1977. To add to the great success of **Rumours,** one of the songs on it, "Dreams", was recently voted to be one of the top ten best songs of the decade.

To Snow Or Not To Snow, To Ski Or Not To Ski

This past winter could be called the winter without snow. The 1980 Ski Club was scheduled to begin on January 11, but was postponed twice because there was no snow. Finally, on January 25, Mother Nature decided to shake her little head and let it snow. Not very much, but it snowed. Ten students and three teachers joined in on the fun.



1. Mrs. O'Dell hitches a ride with Lori Lemon. **2.** Miss Costa and Mrs. Haley spot a U.F.O. **3.** The ski instructor helps Reny Miss with her bindings. **4.** Mona Roncolli, Lori Lemon, Judy Drapeau, Mary Janczulewicz, Laurie Woodtke, Mrs. Haley, Cheryl Moran, Tommy Mc Donald, Reny Miss, Sue McRobbie, Louise Catellier. **5.** Lessons for skiing can be held at various hours during the day or night. **6.** Louise Catellier snowplows to a stop.

Sharps And Flats All In Accord

The HSC music department is composed of the Girls Ensemble, the Freshman Chorus, the Concert Choir, and the Band. This year there were 160 students enrolled in the total music program, a large increase over last year. Although there was an increase in all programs, the largest increase was seen in the Freshman Chorus.

Thirteen singers and one instrumentalist auditioned this year for District Chorus and Band. This was the first instrumentalist that has auditioned from HSC in a long while.

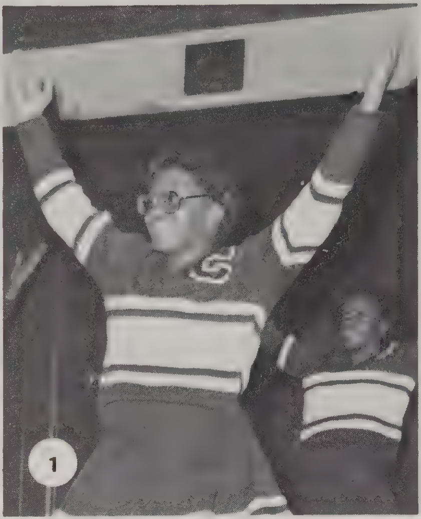
The Spirited Ones In 'Roon And White

When rally fever strikes you can find the Raiders dressed in maroon and white and in the spirit.

The 1979-80 cheerleading squad headed by captain Jackie Roberson and co-captain Laveda Taylor ignited the school with enthusiasm and revived its spirit for our sports teams.

Our first sports rally, held in November, 1979, was for the football team whose captains were Ronnie Brace, Mike Green, and Harold Robinson. The next rally, held in January for the basketball team, was one of the best ever. The basketball team was headed by the three T's — captains Tony Carter, Tim Godbolt, and Tyrone Nulls.

Each rally was highlighted by the awaited class competition. As always, the seniors came out on top.



Featuring — The Hatchett Dancers

Many students at the HSC attended The Frank Hatchett School of Performing Arts held at the Dunbar Community Center.

The dancers featured here — Cecilia Winters, Moyah Thomas, Kim Jefferson, Bryant Baldwin, Joy Winters, and Mamie Duncan — are part of the Hatchett Dancers, the school's best. They have made several appearances on Heritage Corner and at the Harambee Festival. They have also displayed their talents in the school's 12th annual dance recital, "The Wiz is a Wow", which was a full live musical held in May of 1979. Along with their own lessons they help teach the regular dance classes.

In addition to their regular performances in Springfield, Frank Hatchett and his students have performed throughout New England and New York including Carnegie Hall.

Brains Of HSC

The Stanley O. Smith Chapter of the National Honor Society held its annual induction on September 25, 1979. Inducted were 33 new members, eight of which were seniors and 25 of which were juniors.

The NHS members are required to be of service to the school in some way, such as tutoring, being an office aide, or helping out in the National Honor Society Bookstore. The profits from the store, in addition to class dues, go toward the National Honor Society Scholarship Fund.

The Greatest Gift

The Blood Mobile was a great success this year. From the 110 donors we gave 89 pints of blood. Some of the donors were deferred because they either had low blood pressure, had a cold or they didn't eat a breakfast. A breakfast is important because dizziness and other effects may occur after donating if you don't eat. High schools supply 25 per cent of the blood for the Blood Mobile. When you give blood in high school you will usually give again, compared to if you didn't give in school.

The Red Cross was first established during war time to take care of battle victims, but later aided in the prevention and relief of human suffering. In peacetime, some of its activities are first aid, water safety, prevention of accidents, nurses aid training, blood banks, and numerous other services. The American Red Cross last year alone helped over 6,000 disaster victims. This organization has helped victims in automobile accidents, and most other mishaps, such as homeless fire victims. The crew of paramedics are on duty at all times to assist in the aid of injured persons.

More information and pamphlets can be attained from your local American Red Cross office.

Cashing In

The G.O. drive for this year started out on the right foot. Within the first week or so, four homerooms had 100 percent membership, this included one surprising freshman homeroom. The total estimated income toward the end of the drive was $5,000. Special thanks should be given to the G.O. Agents, Homeroom 113, and Mr. Concheri, without whose patience and knowledge, G.O. would never have gotten off the ground.

Marilyn Crespo, a senior here at the High School of Commerce, works for the Massachusetts Department of Education. She is the coordinator at the Western Mass. Bureau of Student Services, located within the Dept. of Education. Her duties are to familiarize people, through workshops funded by the state, with information about educational laws, students' rights, etc. The workshops are presented to schools, agencies, and organizations in the area.

Although Marilyn works with all the educational laws, she was originally assigned to work on Project SCEE (Student Commitment to Educational Equity) which deals with Chapter 622 and Title IX. Chapter 622 is a law which prohibits discrimination in schools on the basis of sex, color, religion, race, and national origin. Title IX deals mainly with discrimination on the basis of sex, especially in the school physical education program.

The WMBSS deals with a wide variety of laws and information about schools. It has a large college file and a large college handbook containing information about the different colleges and financial aid.

Marilyn plans to enter the field of law after graduation.

Girls Track-, They Just Keep On Runnin'

The girls played with great spirit and determination. Their determination turned out a 5-5 record, and to help keep up their spirits, the "track clown" Ethel Burge, and the "enthusiast" Karen Brown, kept everyone alive.

A welcome achievement was established in the 440-relay. Their goal of 52 seconds slashed by .9 seconds which enabled them to win the Western Mass. 440-relay event.

Speedsters Keep Pace

Though small in number, this year's Tracksters had one of the most successful years in recent Commerce history.

Special honors went to Al Stafford, Louis Jones, Gevan Cole, and Kevin Powell.

Coach Guerra said, "The team has done an outstanding job considering their number. They have gone against teams with 3 or 4 times more members and beaten them."

The Raider baseball team, under the direction of new coach Walt Dougal, ended up the season 0-14. Bright spots on the young team were Captain and All-City selection, Domenic Sarno, all-round standout Anibal Carrasquillo, defensive wiz Juan Santana, offensive spark Pat "Lapper" Lapponese, Neville "Wille" Gallimore, and Juan "Freddy" Rois.

The highlight of the season was a thrilling 3-1 loss to Ware. The never-say-die Raiders entered the sixth inning 1-1, with aid from the fantastic pitching of Dave Paro, timely hitting, and excellent defense.

With better attitudes and more numbers, next year's team could surprise a few people.

Batgirls Near .500

The Commerce softball team showed outstanding performance this year, with returning players Dawn Kania, Celeste Miller, Gladys Santiago, and Terry Brooks, Commerce won many of the seemingly futile games.

Commerce won 8-4 over Classical and after losing 5-20 in a massacre to Ware, came back the second time 6-5. With Jerri Meuse's pitching, Maria D'Angelantonio's batting and Jerri Kelly's fielding, Commerce marched to the W. Mass. semi-finals. Coach Flo Greenleaf stated, "It's necessary to rebuild the team every year." But, 1980 looks promising and, with returning players, Commerce may reach the finals.

Par For The Course

On the golf course this year were four very enthusiastic golfers. Although they competed against only four other junior varsity teams, the competition was enough to keep up the ol' putting spirit.

Led by Mr. Conchieri, the team was successful enough in its efforts to gain a 4-2-2 record.

Bowl Champs

The 1980 bowling team, rolled their way against some of the toughest teams in the league. Defeating Classical and their top rival, Putnam, twice helped lead Commerce to the Interschool League bowling championship.

Senior, Vic Valois, achieved a 101.2 average and was followed closely by captain Richard Berthiaume with a 100.2 average.

With such talented freshmen as Patty Snow and Maria Nieves, we can look forward to a great outcome next year.

Gridmen Crush Opponents In The End

Commerce kicked off to a season full of spirit and promise, but as the season progressed morale decreased as well as the team. At the finish of the season thirty-one of sixty-seven players remained.

With the outstanding skills shown by returning lettermen, "Ramblin'" Ronnie Brace, Bobby LePage, Harold Robinson and Terry Eaddy, Commerce eventually came out on top. Also, Ronnie Brace and Terry Eaddy were selected for all Kosior League.

As they came face to face with such teams as Putnam and Lee, tension increased as well as morale and ability. Defeating their top rival, Putnam, in a seething battle 32-0, and crushing Pioneer 32-0 proved just how compelling Commerce could be.

Out-Manned Raider Booters Show Their Best Form

The pre-season outlook for the Red Raider soccer program seemed very promising. A turn-about was in the air, led by coach Steve Mangine. But lack of "varsity" attitudes and depth led to a blemished record of 0-18.

The competitive boosters were beset with many new and unexperienced faces. Excellent showings were led by co-captains, goaltender Domenic Sarno and halfback Joey Taylor. Hustlin' Angel Falcon and the ever-present Steve McQuade shined brightly. Then there were Tri-Rookie standouts Fred Albano, Carlos Morales and Tom Penna, while Frank Morales and Keith Charles also faired well.

Some of the top games were against Division 11 powers Minnechaug and Northampton. Shutting down their potent offenses was goalie Dom Sarno with 58 combined saves. However, in the 2-0 loss to Tech, coach Mangine states: "We out-played them, but their chances clicked while our many opportunities . . . just wouldn't."

Girls Kicks Fall Short

Though last year's girls soccer team was not its best, the spirit of the regular players was good even when they weren't winning.

The most applauded player was Evelyn Falcon, who gave all she had in every game.

Ms. Masucci said, "With our fields let's hope more girls come out and stay. We have the nucleus for a competitive team and need a full roster of players."

RED HOT

For the Red Raiders this year capturing their fourth city crown in a row, and the last in city history, was not surprising.

Our rival, Technical High, was the team to beat and in no uncertain terms were we going to let them win.

The schedule of the Raiders was the toughest schedule that any team in this city ever had. To play most of our games, we had to go out of the city and sometimes even out of the state against some very tough competitors. With our "big men" Tyrone "Too Tall" Nulls and Tim "Magic" Godbolt, on the boards, our competitors did not have an easy time defeating us.

By the looks of our "track" record over the past few years, one can see why we're red hot!

Girls Rebound

This year's girls basketball team performed well. Sheila Johnson and Jerri Kelly were outstanding guards who averaged in double figures. Karen Brown and Annette Wilson were the team's outstanding rebounders. Celeste Scott was a good "point guard", while Whitney Adams was a good rebounder with potential for next year.

This year's schedule was tough considering that Commerce played the top teams in Western Mass., Chicopee and Chicopee Comp. "Next year's outlook is good", says Coach Greenleaf. The two seniors who are leaving are Sheila Johnson and Jerri Kelly.

For Fun Without Pressure

This year's intramural activities enjoyed a fine turnout of participation. Intramurals offered the ever-popular boys basketball, girls cross-country running, boys wrestling, the up and rising weight-lifting, co-ed volleyball and girls gymnastics.

Intramurals were spread evenly from fall to spring, keeping our students hopefully fit and trim.

Instructors, Mr. Ryan, Mrs. Williams, Miss Greenleaf, Mr. Martin, Mrs. O'Dell and Miss Masucci were pleased with the over-all turnout, but there's always room for improvement.

Lori Callos, a freshman, has owned a horse for five years. She has ridden in many horse shows on her 15-year-old quarterhorse. She has won 10 trophies and 60 ribbons. Lori recently got another horse, an 18-month-old half quarterhorse and thoroughbred. Every day she goes to the boarding stables in Ludlow to exercise and groom them. She learned to ride on her own, and occasionally helps someone who might be having problems. Lori someday hopes to train horses professionally.

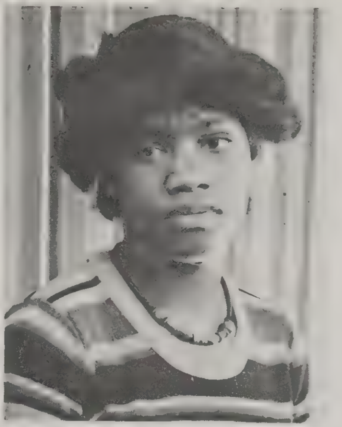
IN MEMORY
OF
JEANINE NEWTON

Fair daffodils, we weep to see
You haste away so soon;
As yet the early-rising Sun
Has not attain'd his noon.
Stay, stay,
Until the hasting day
Has run
But to the evensong;
And, having pray'd together, we
Will go with you along.

-Robert Herrick

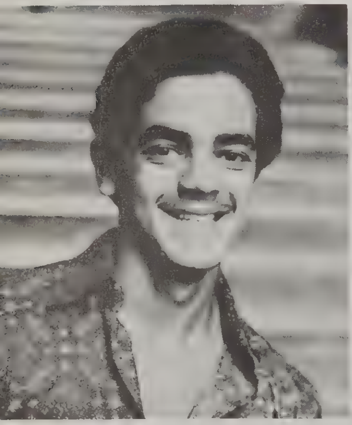


Juniors Reunite

This year's juniors entered Commerce looking forward to a higher and more respectful classification. They were also excited to participate in more junior activites, such as class rings and the Junior Prom.

These juniors of 1979-1980 entered Commerce in 1978 with 654 members, that included 224 boys and 430 girls. By 1979 their population decreased to 531, of which 160 were boys and 371 were girls.

The juniors will be looking forward to next year because they will have the highest seat in the student body of Commerce.



Francisco Vasquez is a junior in Commerce. He enjoys drawing cartoons of the future and present problems of the world. He feels it is the best way to get to people.

After high school Francisco would like to join the army and eventually he would like to enter the police force.

Along with drawing, Francisco writes stories. He also has a job in Springfield Hospital, where he works in the pediatric ward.

Deborah Hager, a junior at Commerce, works as a volunteer at Baystate Medical Center on High Street. She works on Sundays from 8:00 a.m. until noontime. She finds that it's good experience for becoming a nurse.

Debbie works on the North-4 floor. She makes beds, runs errands, takes people down to therapy and discharges patients. She enjoys this because it's working with the patients, which is what she likes to do. This is good training for anyone who is interested in becoming a nurse.

The Class Of 1980 - A History

The theme for the Class of 1980 was "EXPRESSIONS." We should always express our thoughts and emotions, and we had many chances to do this during our three years at Commerce.

Freshman Year

On September 7, 1977, six hundred sixteen eager freshmen came through the doors of the High School of Commerce. We, as freshmen, knew that it wouldn't be easy, but we yearned for knowledge and a sense of belonging. We were introduced to guidance assemblies, G.O., the **Executive,** rallies, and other activities Commerce had to offer.

In November, freshman elections were held. Voted into office were Timothy Godbolt, president; Kevin Rossmeisl, vice president; Summiya Mahdi, secretary. Student Council members were Sheila Carman, Maria Estrada, Josephine Gonzalez, Frank Morales, Laurie St. Andre, and Renay Ware. We also elected representatives from each homeroom to serve on the Freshman Executive Board.

Our first activity was the "Freshman Car Wash" that performed a two fold function: we raised a total of $80.00 to start off the class fund and had a good time as well.

As our year drew to a close, we looked ahead to a year that would be more challenging and rewarding for us all.

Junior Year

Our junior year started on September 6, 1978. We, five hundred eighty-eight students in all, entered the school proud because we were juniors. The "expressions" on our faces were clearly seen.

Once again we held our class elections and Timothy Godbolt won over all the other candidates; Ronald Brace became vice president, and Mamie Duncan was our secretary. Our Student Council members were Noemi Carde, Wanda Davis, Maria Estrada, Richard Finch, Renay Ware, and Cecilia Winters.

During that year, we had a carnation sale, a few fun faculty games, and of course, our junior prom. All of our activities were very successful, and our year ended happily except for the retirement of our principal, Mr. Sweeney.

Senior Year

On September 5, 1979, we entered the High School of Commerce as seniors. Of the six hundred sixteen eager freshmen that entered three years ago, only three hundred ninety-nine of us reached this point.

As we entered our senior year, we had the pleasure of having Mr. Basili as our principal.

We started the year off by receiving our senior hats and welcoming the freshmen.

We elected James Edward McLoyd, Jr., as our president and Ronnie Brace to assist him as vice-president. Michelle Glenn served as our secretary. Our newly-elected Student Council consisted of Zaretha Brown, Wanda Davis, Carmen Morales, Cheryl Moran, Laura Sullivan, and Renay Ware.

A rose sale was held to raise money for the senior class.

The High School of Commerce pitched in to do its share to help diminish the shortage of blood in the annual Bloodmobile.

After our final day at Commerce, Class Day, May 15, was the beginning of our traditional senior events. The banquet on May 16, was a memorable event. We attended our senior prom on May 23 at the Colosseum with Maria Cosentini reigning as our queen. Her elegant court consisted of Cheryl Marceau, Milagros Sanabria, Laurie Woodtke, and Alice Salsbury. At last we reached the high point of our days in high school when we graduated June 2, 1980, at the Springfield Civic Center.

A Prophecy

On the tenth anniversary of our graduation, Marilyn took her car to Sharon's house for coffee. Sharon put the television on, and when the 12:00 news came on, who was the broadcaster but Zaretha Brown. She was announcing that the results of the presidential election were in — Stanley Wilson was to be the next President of the United States. Then a commercial came on advertising American Airlines where Rosemary Morales works. She was wearing one of the dresses that Milagros Sanabria designed. The news came back on and Zaretha was now announcing that Lynn Carney had won the "Fruit Salesperson of the Year" award. Then the Deborah Best Talk Show came on. Her guests for the day were the famous comedian Eddie Stevenson; the ever-popular hypochondriac Lisa Garreffi; Mamie Duncan, the Broadway Dancer; and David Marshall, the artist. Sharon thought that it would be nice to go shopping so they went downtown. After parking the car in the parking lot that Dino Zamboni constructed, they walked by the recruiting office. When they looked inside, they saw Sharon Robertson enlisting in the Coast Guard, Jackie Singletary enlisting in the Marines, and Lynn Staples was working for the Army.

While shopping, they saw John Diamond and his wife, the former Veronica Molin; they were with another couple — Elie Stanhope and Dave Manuel. They saw a poster about the Harlem Globetrotters, a basketball team that Timmy Godbolt plays on. Marilyn suggested that they stop for dinner, so they went to a restaurant where they saw the world's greatest chef, Michele Pepe, and Ann Santaniello was their waitress. Also dining in this restaurant were Frank Payeur, Mike Mirski, Joe Cardaropoli, and Steve McQuade — who haven't changed a bit. Sharon also saw her daughter's school teacher, Maria Cosentini.

When they were leaving the restaurant, someone went by in a Lincoln Continental — it was none other than Lisa Michela. They returned to Sharon's house. Her daughter told her that Awilda Santiago had come to the house selling Girl Scout cookies. When the phone rang, Sharon answered it; it was Dee Bakos who is a nun. She called to ask Sharon whether she wanted to come with her and Mona Roncalli, who is a marriage counselor, to a fashion show in which Renee Brown was modeling. Marilyn said she would like to go. When they got there, they saw Dorene Clarke, who said that she was married to a Springfield Indians hockey player. They almost didn't recognize Sylvia Williams who had grown two feet since graduation. She was with Laveda Taylor, who has been said to be a Farrah Fawcett look-a-like. Sylvia told Marilyn that Deidra Thayer was a Dallas Cowboy cheerleader.

All in all, it turned out to be a very enjoyable day.

Man is challenged today to excel in almost every endeavor . . . those who do succeed often trace the beginnings of their performance pattern to accomplishment in high school and to those who offered stimulation and inspiration in these formative years. Josten's has long been a partner to these educational leaders in providing a means of motivation and the rewards of recognition, and Josten's products have become tangible symbols honoring perserverance and achievement.

The class ring is representative of the fine traditions of school spirit and unity ☐ The yearbook provides a lasting memento of the year's accomplishments ☐ The diploma is a lifelong record of scholastic success ☐ The graduation announcement heralds this achievement ☐ Awards recognize academic and athletic leadership.

More than 3,000 Josten's employees are dedicated to your complete satisfaction. Serving you locally:

With Deep Appreciation

The entire yearbook staff of 1980 would like to extend their deep appreciation to the faculty and students for their total cooperation. We would also like to thank Valley Photography for the outstanding pictures they supplied us during the year.

A special thanks is given to David Marshall for the superb job he did on this year's cover.

We hope we have succeeded in bringing you a yearbook which you can enjoy year after year.
